Welcome in one of the most beautiful parts of the Czech Republic - Bohemian-Moravian Highlands.

Beautiful natural scene is accentuated by numerous lakes, which are perfect for swimming in the summer. In the very neighbourhood there is the most sought-after lake of the Vysočina region - Velký Pařezitý, which gave a name also to the EYAC centre. Thanks to its location in the middle of the woods, the water quality remains good throughout the season. The surrounding woodland is mainly composed of conifers, occasionally pervaded by a birch grove.

Tips for trips: Michova skála (Micha's rock), Lord's well, ruin Štamberk, Janštýn, hunting-castle Roštejn - with its period guided tours in the night and a 53m high heptagonal tower...and the biggest attraction Telč - a small historical town, since 1992 on the UNESCO list.

The organizing staff is looking forward to your participation.
